

# Case Study

## Biofuel Initiative Liverpool

Completed: 2010

### Objectives

- ▶ Reduce Liverpool ONE's carbon footprint
- ▶ Explore opportunities to convert used cooking oil from restaurants to biofuel to power maintenance vehicles
- ▶ Provide a feasibility report and undertake a R&D trial phase to produce 400 litres. Once fully operational to produce 1700 litres per month

### Client

- ▶ Liverpool ONE / Grosvenor

### Delivery

- ▶ Undertaken a feasibility study, oil availability, site assessment and financial appraisal
- ▶ Review legislative and Tax/HMRC considerations
- ▶ Source the equipment and project manage the installation on-site
- ▶ Recommend operational strategy and undertake training for on-site staff
