

Case Study

9.5MW Solar PV Farm

South East Cornwall

Completed: January 2014

Objectives

- Secure planning consent for a 9.5MW standalone solar PV farm
- Provide concept layout and landscaping plan
- Project manage the environmental assessments and supporting information for the planning application

Client

- Murex Energy Limited

Delivery

- Prepare and submit a planning application
- Project manage the supporting documentation including Planning Policy statement, Landscape and Visual Impact Assessment, ecology, Historic Environment Assessment, Construction Traffic Management, Flood Risk Assessment
- Comprehensive consultation and negotiation with Local Planning Authority officers and councilors
- Prepare non-determination Planning Appeal application, statement of case and respond to the Council's statement of case and third party submissions
- Discharge pre-commencement planning conditions. The scheme was connected to the grid in March 2015
